DETAILED ACTION

Response to Amendment

1. This is in response to the amended claims submitted on 5/14/2007. Claim 1 has been amended. Claims 2, 7, 13-30, and 32-34 have been cancelled. Claims 1, 3-6, 8-12 and 31 are pending in Application 09/888941.

Allowable Subject Matter

2. Claim 1, 2-6, 8-12 and 31 are allowed.
3. The following is a statement of reasons for allowance:
4. As per **independent Claim 1**, the prior art does not teach or suggest defining a warranty start event for a product for printing documents, wherein the warranty start event comprises printing a specified number of documents greater than one.
5. **Rydbeck (6,519,470) discloses** defining a warranty start event in which the registration of the warranty occurs in the same manner as applicants invention.
6. **However Rydbeck** fails to disclose registration of the product after the product has printed a specified number of documents greater than one. Thus it only teaches registration after a first use of the product.
